

Activity Report

Session: 2018 - 2019

Name of Event: Seminar on Child Psychology

Date: 18/02/2019

Location: Udalguri College, Udalguri

No of Student Participants: 44

Objective: To provide attendees with a comprehensive understanding of key principles and concepts in child psychology, enabling them to better support the mental, emotional, and behavioral development of children.

Outcome: By the end of the seminar, participants will:

1. Identify and describe major theories and frameworks in child psychology, including cognitive, emotional, social, and behavioral development.
2. Recognize common psychological challenges and disorders affecting children and adolescents, along with appropriate intervention strategies.
3. Apply evidence-based techniques for promoting positive mental health and well-being in children within various contexts, such as family, school, and community settings.
4. Understand the importance of cultural sensitivity and diversity in addressing the psychological needs of children and their families.
5. Develop practical skills for effective communication and relationship-building with children, caregivers, and other professionals involved in their care.
