Action to be taken:

After analysing the feedback received from the students, it has been found that the following actions should be taken to improve the teaching-learning process-

(a) More attention is required to complete the syllabus within the stipulated time.

(b) Adequate resources for all courses should be available in the college library.

(c) The overall quality of the teaching-learning process should be improved.

(d) Teachers should encourage the students to take part in extra-curricular activities.

(e) College should provide multiple opportunities to the students.

(f) Health and hygiene system of the college should be improved.

Concluding Remarks:

The feedback received from the students on courses indicates that most of the students are satisfied with the progress of the syllabus covered, the communication skills of the teachers, the interest generated by the teachers, the knowledge base of the teachers, sincerity/commitment of the teachers, accessibility of the teachers in and out of the class. *53.8%* of the students agree that the institute tries to engage students in the monitoring, review, and continuous quality improvement of the teaching-learning process; *54.4%* of the students agree that the institution provides multiple opportunities to learn and grow; *42.3%* of the students think that the teachers can identify fully the strength and encourage them with the right level of challenges. They agree that the sincerity/commitment of the teachers is satisfactory. The overall feedback received from the students on the course is satisfactory.
