

**Activity Report**  
**Session June 2018- May 2019**

**Name of the Event: Seminar on Deforestation and its Impact**

**Date: 26/08/2018**

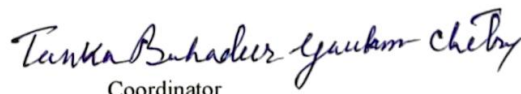

**Location: Udalguri College, Udalguri**

**Objective:** Environment is prime focus of all human activities. In the years to come the existence of life on earth depends the wellbeing of nature. With the rapid growth of human population deforestation has turning out to be the main alarming factor of environmental imbalance. Hence, this seminar was organized with a view to delve into the perils of deforestation and various positive and negative possibilities

**No of Student Participants: 315**

**Outcome:** Deforestation poses a significant threat to global biodiversity, climate stability, and human well-being. Addressing this complex issue requires concerted efforts at local, national, and international levels, involving governments, communities, industries, and consumers. By implementing sustainable land use practices and preserving forests, the adverse effects of deforestation can be mitigated for safeguarding the invaluable ecosystems that support life on Earth.
